

How to tie shoelaces

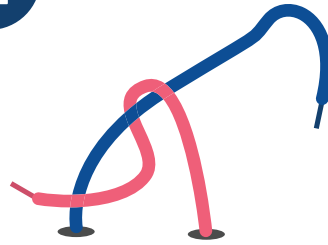

1

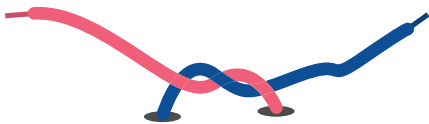

Take both laces and cross them to make an X shape

2

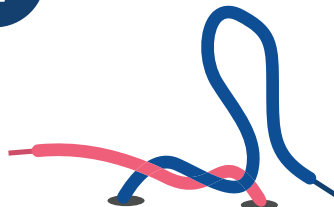

Take one lace and flip it over the X and then pull it under

3

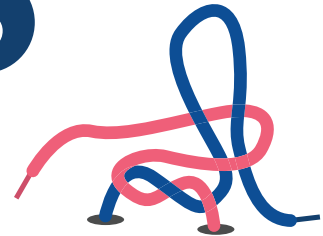

Pull out both laces to tighten.

4

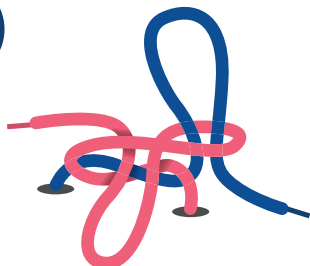

Take one of the laces and make a bunny ear shape.

5

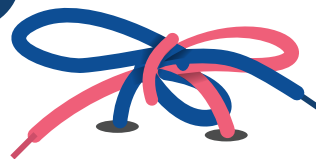

Take the other lace and loop it around the bunny ear while using your fingers to pinch the bunny ear in place.

6

Pull the second lace loop through the hole created, keeping it in a bunny ear shape.

7

Holding the two bunny ear loops, pull them in opposite directions until the bow is fully tightened.
